

# Easy Credentialing for Any Health Plan or Provider

**As a practice administrator, your time is too valuable to be spent on paperwork. Let eMDs handle the management of your providers' insurance enrollments, maintain their credentials, and apply for hospital privileging so you can focus on providing patient care, all at a fraction of the cost and time of doing it yourself.**

## Simplifying Complexity

Aria's credentialing and enrollment services are designed to simplify the time consuming process of on-boarding new clinicians. Our team of experts will help keep revenue and payments flowing which ultimately improve provider and patient satisfaction, as well as minimize coverage and referral risks.

## Full Service Enrollment

We work with all eligible provider types and facilities managing the preparation and submission of enrollments, responding to tedious payer validations, and keeping your CAQH profiles current to ensure your patients continue to have access to your care.

## Dedicated Account Executive

A dedicated account executive will guide you through the ins and outs of Medicare, Medicaid, and commercial insurance enrollment. Consider us a member of your team.

## Transparent and Easy Application Monitoring and Communications

We offer access to our proprietary online portal which makes it easy for you to monitor the status of your applications and give you access to a full reporting suite. This includes a real time plan participation tracking grid, enrollment status tracking, and regular reporting communications. As a partner in your practice, we believe in full transparency. Additional fees apply.

## Hospital and CVO Credentialing

As a fully certified NCQA Certified Credentials Verification Organization, our staff is trained in performing the primary source verifications according to NCQA standards. We can help you get quality provider reviews without having to invest in staff and infrastructure.

**Certified for 11 out of 11
