

Revenue Cycle Management Services | Make Your Practice Financials Soar

No other industry has such complexities in getting paid for services like healthcare. And it changes all the time. Large practices and hospitals have departments filled with people focusing specifically on ensuring the maximum payment. At eMDs, we know you do not. Our combination of revenue cycle experts, technology and workflow best practices are here to help.

eMDs has over three decades experience in managing and understanding best practices for revenue cycle management for independent physician practices.

Our team of regulatory and payment experts stay on top of all the latest government and payer requirements improve days payable outstanding and reduce claim denials.

In the background, we use the proven and award-winning technology tools to automate and manage workflow. That technology, along with our revenue cycle management experts, ensures you are maximizing every available dollar for your practice.

“The immediate impact on cash flow has exceeded my expectations. I thought it would take a few months...it was immediate. We saw a 14% increase in the first 3 months.”

Why is eMDs the Best Choice for Your Practice?

Get Results for a Healthy Practice.

Take care of your practice and patients. We'll worry about your revenue. Our revenue cycle customers experience:

- Cleaner claims: 99% are accepted the first time
- Decreased denials
- Faster collections

Outsource All - or Part - of Your Revenue Cycle

The eMDs Revenue Cycle Management service is not a one-size-fits-all solution. Instead, we will work with you to create a custom service that fits within how you want your practice to operate.

Because eMDs is the only vendor that offers the safety of a large parent corporation with the customer service of a geographically localized value-added reseller, we have a network in place to ensure the highest quality of support and service.

Pathway to The Future.

Regardless of your practice management or EHR solution you use, eMDs Revenue Cycle Management will leverage your existing technology, as well as work with you and your staff, to build the most efficient path to a healthier bottom line with minimal disruptions to your day-to-day practice.

No EHR yet? No problem. We use our proven solution in the background while leveraging whatever technology you use in your practice. Our flexible approach to creating a flexible service ensures that you remain control over your practice.

No Money, No Mission.

Optimizing your revenue to receive as much income as possible is what keeps your practice healthy. And a healthy practice allows you to focus as much of your time on the clinical side of your practice - helping your patients.
